Actions: 'Devil's Words'

VERSE 1				
Take a look around				
See the houses we built				
They are falling down around us				
The bricks will slowly crack				
And fate will soon show itself				
I wanna stop from caving in				
Stop from falling down				
PRECHORUS 1				
We're falling down				
CHORUS 1				
You are the one				
You make me feel like this				
You are the one				
Screaming, you hypocrite				
Missing puzzle piece				
Come and fill me in				
The devil's words have spoken to me				
The devil's words have spoken to me				
VERSE 2				
Take your time I won't be long				
Were the words I said to you				
I knew I was lying				
Oh, but it would hurt to tell the truth				
This broken fairytale				

Pages ripped and torn				
I wanna stop from caving				
Stop from falling down				
PRECHORUS 2				
We're falling down				
We're falling down				
CHORUS 2				
You are the one				
You make me feel like this				
You are the one				
Screaming, you hypocrite				
Missing puzzle piece				
Come and fill me in				
The devil's words have spoken to me				
The devil's words have spoken to me				
MIDDLE SECTION				
Yeah, yeah				
Woh				
Yeah, yeah				
woh, yeah				
CHORUS 3				
You are the one				
You make me feel like this				
You are the one				
Screaming, you hypocrite

Come and fill me in				

The devil's words have spoken to me
