## We Fell From The Sky: 'Not You'

VERSE 1				
I'm taking the keys				
Some time to think				
Your name on my arm				
Committed to ink				
The end of an anchor				
I'm starting to sink				
A hole in my sky				
A world on the brink				
PRECHORUS 1				
Who do you think you are?				
Who do you think you really might be?				
Who do you think you are?				
Who do you?				
It's all I think I really know				
CHORUS 1				
It's not you				
It's totally me				
i-eye-i-eye-i-eye				
It's not you				
It's totally me				
i-eye-i-eye-i-eye
